Conflict and war, but most of all overwhelming despair are driving massive numbers of mostly young people from the Middle East and North Africa, Central Africa, the Balkan, Ukraine and Central Asia to leave their homes for Europe in search of safety. What do they need most in order to lead their lives in peace and security? How can opportunities for a meaningful and secure

future in their countries of origin be improved? How can the EU – acting in concert with its principles – support these people in their search for freedom, self-determination and well-being? These are the questions addressed in “Escaping the Escape.” The publication features authors from refugee-source countries and experts from Europe who examine the situation in the crisis regions and offer concrete recommendations for actions to be taken in each region.

Countries and regions covered in this publication are: Afghanistan, Algeria and Sahel, the Balkans, Egypt, Eritrea, Gaza, Greece, Iran, Iraq, Jordan, Lebanon, Libya, Morocco, Nigeria, Somalia, South Sudan, Sudan, Syria, Tunisia, Turkey, Ukraine, Yemen.
