In 2017, we celebrated our 40th anniversary, which made it a year of special events and activities. The highpoint was the ceremony held in Gütersloh Theater, with former German President Joachim Gauck giving the keynote speech.

Since our foundation was established 40 years ago, we have made €1.4 billion available for nonprofit activities. In 2017, we spent a total of €90.2 million on our project work.

Our 2017 Annual Report provides an overview of the topics we addressed and the outcomes we achieved.

If you would like more detailed information on specific issues or projects, please do not hesitate to contact our experts directly. We welcome your ideas and suggestions!
