## Reinhard Mohn Prize 2020 – Opening Film

Innovations have always been the engine of society. The more innovations are created, the more they are promoted, the better and faster we develop. If we want to continue to live well in the future, we must create the conditions for this now. Let's shape the future together.

Video

Nechemia ("Chemi") J. Peres, entrepreneur and chairman of the Peres Center for Peace and Innovation, is the recipient of the **Reinhard Mohn Preis 2020** under the heading of "**Fostering Innovation. Unlocking Potential!**" In presenting the Reinhard Mohn Prize 2020 to Nechemia Peres, we recognize his outstanding commitment to promoting innovation that serves the economy and society in equal measure.
