Living in Cultural Diversity

Views and Preferences in Germany

1. edition 2018 (Brochure)

As a result of immigration, people with different cultures and traditions and greater religious diversity are now living together. How can coexistence in cultural diversity be achieved? This summary of the special analysis of our 2017 Religion Monitor explores this question and examines the views of the German population.

The complete study is only available in German: "**Zusammenleben in kultureller Vielfalt: Vorstellungen und Präferenzen in Deutschland**"
